Professional Summary

Junior .NET Developer and recent Computer Science graduate with strong academic background and hands-on experience in building RESTful APIs and web applications using C# and ASP.NET Core. Skilled in backend development, database integration, and implementing authentication and business logic. Familiar with front-end technologies and passionate about building scalable, maintainable software solutions within a professional development team.

Education

Yarmouk University – Irbid, Jordan

Bachelor of Computer Science (September 2021– July 2025)

GPA: 82.2

Skills

C#, ASP.NET Core, Web API, JavaScript, Node.js, HTML5, CSS3, Bootstrap, Angular, SQL Server, MongoDB, MS Access, Git & GitHub, Visual Studio, Arduino IDE, ERD Design, Communication, Teamwork, Problem Solving, Attention to Detail , Adaptability, Continuous Learning

Certifications

- NVIDIA – Building Transformer-Based NLP Applications (2025)
- Full Stack Web Development – HTUx (Dec 10, 2024)
- NVIDIA – Fundamentals of Deep Learning (2024)
- Ana Usharek Program (Dec 2022)

Projects

- **IoT Irrigation System (Graduation Project)** – Monitors soil humidity and predicts water levels using AI; controls pump and motor for automated irrigation. Built with **C++**, **MongoDB**, **React**, **ESP8266**.

- **Happy Farm Desktop App** – Farm management system with user authentication, stock display, price management, and automated cost calculations. Developed in **C# and MS Access**.
- **ASP.NET Core Web API Projects** – Developed multiple RESTful APIs including School Management, Gym, and E-Commerce systems. Implemented authentication, business logic, and CRUD operations for key entities. **Used ASP.NET Core, C#, SQL Server, MongoDB, and Angular for full-stack integration.**

Experience

- **HTUx – Ambassador (2025 – Present)**
 - Organized support sessions and assisted students at Yarmouk University with registration for the Nomu program.
 - Helped resolve technical and procedural issues to ensure a smooth student experience on [htux](#).
- **Yarmouk University – Representative & Organizer (2025)**
 - Organized and represented the university in the Career Expo 2025 Festival in HTU.
- **Training – ASP.NET Core Developer (May – Oct 2025)**
 - Completed full-stack projects including School Management, Gym, and E-Commerce APIs using C#, ASP.NET Core, SQL Server, MongoDB, Angular.
- **Independent Election Commission – Volunteer (2024)**
 - Contributed to a door-to-door campaign raising awareness about the importance of voter participation.
 - On election day, assisted in organizing and guiding citizens at polling stations to support a smooth and efficient voting process.
- **Hult Prize – Ambassador (2023)**
 - Promoted entrepreneurship through workshops and competition outreach at the university.
- **One-to-Many (1:N) – Author (since 2022)**
 - Self-published an educational book covering ERDs and SQL concepts.
 - Book is available in local bookstores and used by university students.
